The announcement obliges to the payment of the registration money. The registration money must be 3 days before the exhibit on the account, but 5.00 Euro of impact are raised.

Please do not pay by transferring money into our bank account in germany. Otherwise we will have to pay unnecessary high fees for the bank. We would like to ask you to pay at the day of the show (without extra charge).

You need to bring the pedigree of the entered dog with you. Dogs with a working certificate are only eligible in a working dog class (Gebrauchshundklasse) if a statement of the national Kennel Club is added to the entry form. If you want to enter in the champion class a photocopy of the champion title must be sent with the entry form. If this statement is still missing at the entry closing date, the dog has to be shown in the open class.

For Junior-handling and group competitions you can enter your dog at the day of the show.

Close of registration: September 10, 2008

Dogs presented must have been vaccinated against **Rabies** a minimum of 3 weeks prior to the show (proof shall be given). The antirabic vaccination shall be valid for 12 months from the date of vaccination. If a longer validity is asserted, then this must be proven by an entry in the validity field of the vaccination certificate or the EU-Pet Passport in the ‘valid until’ field. If the vaccinated dog is revaccinated before the expiration of previous vaccination, the so-called 3 weeks limit shall not apply.
